

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: SANZ, Yolanda

Title: Dr.

Profession: Researcher Scientist

Current EFSA involvements: Vice-Chair-NDA Panel 2012-2015 (NDA), Alternate member-Scientific Committee 2012-2015 (SC), Member-Claims 2012-2015 (NDA), Vice-Chair-Dietetic Products 2012-2015 (NDA)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a management body or equivalent structure			NO INTEREST
III. Member of a scientific advisory body	11/2011 - 09/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Infant Formulae (NDA)
	07/2009 - 06/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - NDA Panel 2009-2012 (NDA)
	07/2009 - 06/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Claims/Sub-Working Group 1: Gut/Immune (NDA)
	07/2009 - 06/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Infant Formulae/Sub-Working Group: Complementary feeding (NDA)

IV. Employment	01/2008 - now	-Name: University of Granada	<p>The legal remit of the entity or organisation: teaching and research</p> <p>The expert role in the organisation and tasks: teaching in the Excellence PhD Program “Genetics, Nutritional and Environmental Factors for Growth and Development”- NUTRENVIGEN-G+D-Factors”.</p>
	10/2005 - now	-Name: Universisty of Valencia	<p>The legal remit of the entity or organisation: teaching and research</p> <p>The expert role in the organisation: Associated Professor of the Degree in Dietetics and Human Nutrition (2005-2011); MSc in Childhood and Adolescent Nutrition (2009); MSc in Food Quality and Safety (2011-2012). Tasks: teaching and practical training of students.</p>
	11/2002 - now	-Name: Spanish National Research Council (CSIC)/Institute of Agrochemistry and Food Technology (IATA)	<p>The legal remit of the entity or organisation: research</p> <p>The expert role in the organisation and tasks: Researcher Scientist/ research, supervision and training of students in research.</p> <p>The organisation does not have an official responsibility to carry out risk management.</p>
V. Ad hoc or occasional consultancy			NO INTEREST
VI. Research funding	01/2012 - now	-Name: Ministry of Economy and Competitiveness	<p>Topic: Development of probiotics for immune and metabolic disorders. Deliverables: scientific publications.</p> <p>There is no private funding (is public); therefore, private funding cannot not exceeds 25%</p>
	07/2011 - now	-Name: Ministry of Economy and Competitiveness	<p>Topic: Evaluation of probiotics for digestive disorders in vitro. Deliverables: scientific publications/study reports.</p> <p>It is a PUBLIC funding with participation of private companies (Laboratorios Salvat) with no decision role. The funding is not directed to the researchers, but goes to the researcher’s institution and to fund the cost of the laboratory for doing research activities exclusively.</p> <p>Funding is public; therefore, private funding cannot exceed 25%</p>
	11/2010 - now	-Name: Ministry of Science and Innovation	<p>Topic: molecular and functional characterization of probiotic strains (basic experiments in vitro). Deliverables: scientific publications/study reports.</p> <p>It is a PUBLIC funding with partial participation of private companies (Carinsa - with no decision role in the project). The funding is not directed to the researchers, but goes to the researcher’s institution and part to fund the cost of the laboratory for doing research activities exclusively.</p> <p>Funding is public; therefore, private funding cannot exceed 25%</p>
	01/2008 - now	-Name: European Multi-Stakeholder Platform CDEUSSA of 7FP	<p>Member of the European Platform focused on diverse aspects of coeliac disease: gluten-free products, regulatory aspects, therapy and prevention, diagnosis, clinic presentation and pathogenic mechanisms.</p>
	01/2007 - now	-Name: Spanish Ministry of Science and Innovation	<p>Topic: Development of new ingredients for functional foods (FUN C FOOD).Deliverables: scientific publications.</p> <p>Funding is public; therefore, private funding cannot exceed 25%.</p>

	09/2009 - 04/2012	-Name: Biopolis/Ministry of Science and Innovation	<p>Topic: probiotics for coeliac disease. Deliverables: scientific publications/study reports.</p> <p>Funding was private for 4 months and public for the rest of the project. Funding was only for research. The responsible researcher did NOT receive any money.</p> <p>The research (co-)funding I received from the private sector in the latest full budget year does not exceeds 25% of the total annual research budget that is managed by me.</p>
	11/2009 - 12/2011	-Name: Spanish Ministry of Science and Innovation	<p>Topic: Role of intestinal bacteria and probiotics in chronic inflammatory disorders. Deliverables: scientific publications</p> <p>Funding was public; therefore, private funding could not exceed 25%</p>
	07/2009 - 12/2010	-Name: CSIC/Academy of Science	<p>Topic: Coeliac disease, intestinal bacteria and mucosal immune system.</p> <p>Deliverables: scientific publications</p> <p>Funding was public; therefore, private funding could not exceed 25%</p>
	01/2008 - 12/2010	-Name: Ministry of Science and Innovation	<p>Topic: Influence of dietary factors, gut microbiota, immunity and genetics on coeliac disease development. Deliverables: scientific publications</p> <p>Funding was public; therefore, private funding could not exceed 25%</p>
	09/2008 - 08/2010	-Name: Spanish National Research Council (CSIC)	<p>Topic: New prebiotics to improve host defences against gastrointestinal pathogens. Deliverables: scientific publications.</p> <p>Funding was public; therefore, private funding could not exceed 25%</p>
	12/2009 - 12/2009	-Name: Consejería de Sanidad, Generalidad Valenciana	<p>Topic: Gut microbiota, obesity and cardiovascular risk. Deliverables: scientific publications.</p> <p>Funding was public; therefore, private funding could not exceed 25%</p>
	12/2007 - 12/2009	-Name: Danone Institute	<p>Topic: Gut microbiota in coeliac disease (free topic scholarships). Deliverables: scientific publications</p> <p>The student was the only who received funding directly and personally. There was NOT funding for the laboratory, NOT for the institution (IATA-CSIC) and NOT for the researcher that act as supervisor. There was no private funding for the institution or the supervisor so that private funding could not exceed 25%.</p>
	12/2007 - 11/2009	-Name: Ministry of Science and Innovation	<p>Topic: Use of bifidobacteria to improve the nutritional quality of cereal-based products. Deliverables: scientific publications.</p> <p>There was no private funding; therefore, private funding could not exceed 25%.</p>
VII. Intellectual property rights	01/2008 - 12/2010	-Name: CSIC	<p>Inventor of a patent in the field of probiotics (PCT/ES2008/070243). The patent belongs to the research institution (CSIC) and was licensed to Biopolis S.L. The responsible researcher does not receive economic exploitation rights.</p> <p>Inventor of a patent in the field of probiotics (PCT/ES2009/070285). The economic rights of the patent belonged to research institution (CSIC), not to the responsible researcher. This patent was not maintained active by CSIC because there were no expressions of interests.</p>

VIII. Other membership or affiliation	12/2008 - now	-Name: International Probiotic and Prebiotic Association/Society for Microbial Ecology and Disease/ Spanish Society of Coeliac Disease/American Society for Nutrition/Spanish Nutrition Society	Invited as scientific expert to the regular meetings of Spanish Coeliac Disease Associations (not funded). Speaker or participant in meetings and congress and scientific publications by other associations (not funded) .
	12/2007 - now	-Name: Spanish Society of Coeliac Disease (SEEC; non-profit organization)	Topic: Coeliac disease Expert's role: chair of the working group "coeliac disease: therapy and prevention". Tasks: selection of topics and speakers for the symposiums of the society in this area.
	01/2007 - now	-Name: British Journal of Nutrition,Clinical and Experimental Allergy, Microbiology UK, Applied and Environmental Microbiology, Applied Microbiology and Biotechnology, Journal of Applied Microbiology, Journal of Antimicrobial Chemotherapy, Letters in Applied Microbiology, Clinical Microbiology and Infection, European Journal of Clinical Nutrition Research in Microbiology, International Journal of Food Science and Nutrition, Cytokines	Referee of peer-review scientific journals
	01/2007 - now	-Name: World Journal of Gastrointestinal Pathophysiology/Microbiology Insights/Recent Patents on Anti-Infective Drug Discovery	Member of the Editorial Board
IX. Other relevant interest	10/2010 - 10/2010	-Name: ILSI Europe	Invited to the Workshop Beyond PASSCLAIM – Guidance to Substantiate Health Claims on Foods. Not involved in drafting any resulting consensus or guidance documents. This was a punctual workshop and the action was finished. I do not have any other ongoing activities with ILSI beyond this workshop. Invited as speaker to the IV International Symposium ILSI Brazil on Functional Foods (2010). Not involved in drafting any resulting consensus or guidance documents. The association only covered the travel and accommodation expenses. This was a punctual symposium and the action was finished. I do not have any other on-going activities with ILSI beyond this workshop.

	12/2009 - 12/2009	-Name: FIAB (Federación de Industrias de Alimentación y Bebidas)/Danone	<p>Invited as speaker for the following workshops:</p> <p>FIAB (Federación de Industrias de Alimentación y Bebidas). The subject of my talk was related to the general role of EFSA NDA Panel in the evaluation of Health Claims and the event was organized in cooperation with the Spanish Agency of Food Safety and Nutrition (AESAN). The association only covered the travel and accommodation expenses.</p> <p>Danone. The subject of my talk was related to my research field (gut microbiota and chronic inflammatory disorders) in a workshop entitled "Probiotics and health: scientific evidence" (December 2009). The company only covered the travel and accommodation expenses of speakers.</p>
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.

Date: 28/10/2012 **Signature:** **SIGNED**
