

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: MARTELLI, Giovanna

Title: Prof.

Profession: Doctor Veterinary Medicine, Associate Professor of Animal Production (Zootecnica Speciale)

Current EFSA involvements: Member-FEEDAP Panel 2012-2015 (FEEDAP), Member-Amino Acids 2012-2015 (FEEDAP)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a management body or equivalent structure			NO INTEREST
III. Member of a scientific advisory body	09/2012 - now	-Name: EFSA	Member of of the Working Group on Amino Acids
	07/2012 - now	-Name: EFSA	Member of the FEEDAP Panel 2012-2015
	06/2011 - 06/2012	-Name: EFSA	Member of the Working Group on Amino Acids (FEED)
	04/2011 - 06/2012	-Name: EFSA	Member of the FEEDAP Panel 2009-2012 (FEED)
	08/2006 - 06/2007	-Name: EFSA	Member of a Working Group of EFSA (AHAW Panel) requested to produce a scientific report on fattening pigs welfare and health (Scientific report on animal health and welfare in fattening pigs in relation to housing and husbandry. The EFSA Journal 2007, 1-100 and annexes).

IV. Employment	01/2011 - now	-Name: University of Bologna, Department of Veterinary Medical Sciences	Full-time Associate Professor of Animal Production (Zootecnica Speciale - Sector AGR19). Salary fully paid by the Italian State. Presently (2011-2012) teacher of "Animal Welfare and Production Quality" and "Extensive animal farming" at the Faculty of Veterinary Medicine of the University of Bologna (Italy). Responsible for training periods of students and new-graduates in public institutions and private companies. Main lines of research: welfare assessment of swine and dairy cows under different rearing conditions; the quality of meat and pork-based products (with particular regard to PDO products such as Parma Ham); extensive and organic farming.
	07/2000 - 12/2010	-Name: University of Bologna - Fac. Veterinary Medicine	Full-time permanent researcher and assistant professor in the field of animal production. Salary fully paid by the Italian State. Main lines of research: welfare assessment of swine and dairy cows under different rearing conditions (feeding and environmental conditions); the relationships between swine feeding (including the use of feed additives), growth and slaughtering parameters and the quality of pork-based products (with particular regard to PDO products such as Parma Ham); organic farming.
V. Ad hoc or occasional consultancy	02/2012 - now	-Name: Istituto Nazionale di Economia Agraria (INEA)	Scientific support concerning swine production during the preparation of the "Zootechnical Development Plan" of the Umbria Region (Italy) aimed to highlight the main strength points and weaknesses of this specific agricultural sector .
	09/2010 - now	-Name: European Commission	Included in the pool of the expert group for technical advice on organic production set up by Commission Decision 2009/427/EC
	07/2005 - now	-Name: Italian Ministry of Agricultural, Food and Forestry Policies	Expert in the field of agricultural research (evaluation for research grants)
	01/2004 - now	-Name: Istituto Certificazione Etica Ambientale (ICEA)	Member of the regional (Emilia-Romagna Region, Italy) commission of ICEA Progetto BIO. ICEA (Ethical and Environmental Certification Institute) is one of the top certification bodies in Italy and in Europe, IFOAM accredited, certifying more than 11.000 firms with strong ethical, environmental and social values. In the case of organically farmed animals, the Commission verifies the compliance of the farm with EU Reg. 834/2007 rules with respect to both animal rearing and feeding. For more details see www.icea.info
	01/1998 - now	-Name: Istituto Parma Qualità	Member of the Appeal Committee of IPQ (Istituto Parma Qualità). IPQ is the Italian competent authority responsible for controls and certification of several pork-based Italian PDOs such as Parma Ham established according to art. 10 of EC Reg. 510/2006. The role of the three members of the Appeal Committee (last instance judgment court) is to evaluate controversies arising between different stakeholders all over the production chain. http://www.ineq-ipq.it/eng/default.htm
VI. Research funding	06/2011 - now	-Name: AGER Project (Private foundations)	The field of research is related to welfare assessment of pigs as influenced by environmental conditions. I'm responsible for a Research Unit (University of Bologna Unit - WP2) within the AGER Project (www.progettoager.it) for researches on sustainable pig production dealing with welfare assessment of pigs receiving different rootable substrates (e.g. wood) used for environmental enrichment and believed to improve the welfare level of the animals through the expression of their explorative need. The funds are fully paid to my Department and their use requires the approval of the Director.
	04/2011 - now	-Name: Italian Ministry for Education, Universities and Research	Public funds used to complete a research in the field of welfare assessment of intensively reared pigs as affected by housing conditions (duration of the artificial photoperiod). The funds are fully paid to my Department and their use requires the approval of the Director.

	01/2007 - 02/2010	-Name: Italian Ministry for Education, University and Research	Public funds for research-programmes in the field of welfare assessment of intensively reared pigs and sheltered dogs as affected by housing conditions. The funds are fully paid to my Department and their use requires the approval of the Director. I've been also responsible for a PhD students totally paid by the Italian Government.
	07/2008 - 05/2009	-Name: Geohellas	Funds for a research (study report) in the field of piglet feeding (use as feed additive of attapulgate clay which is presently listed in the Catalogue of feed materials according to EU reg. 575/2011). Funds have been fully paid to my Department and their use has required the approval of the Director.
	08/2007 - 08/2008	-Name: INVE	Funds for a research (study report) in the field of piglet nutrition (use of fermented soybean). Funds have been fully paid to my Department and their use has required the approval of the Director.
VII. Intellectual property rights			NO INTEREST
VIII. Other membership or affiliation	01/2001 - now	-Name: ASPA	Since 2001 member of ASPA (Scientific Association Animal Production). ASPA is the main Italian Scientific Association in the field of Animal Science http://aspa.altervista.org
	06/1990 - now	-Name: Veterinary Association of Bologna district	Member of the Veterinary Association of Bologna district, Italy
IX. Other relevant interest			NO INTEREST
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.

Date: 08/10/2012 Signature: **SIGNED**
