

BIOGRAPHY

29 June 2012

Title and name

Dr Jim McLauchlin BSc, PhD.

Nationality

British.

Panel

BIOHAZ.

Education

BSc, 1978, University of Wales; PhD, 1988 Council for National Academic Awards

Scientific and risk assessment experience

Currently Director of The Health Protection Agency Food Water and Environmental Microbiology Laboratories, London, UK. 30 years experience as a public health microbiologist which including the following areas:

Medical, food and public health microbiology;

Epidemiology of infectious diseases;

Molecular biology and molecular epidemiology;

Risk assessment and risk communication;

Successful completion of externally funded research projects and peer reviewing scientific work and publications;

Preparation of scientific dossiers and opinions drawing on a wide range of scientific disciplines

Main scientific publications

McLauchlin J, Little CL (eds). Hobbs' Food Poisoning and Food Hygiene. Arnold, London, 2007.

Magnino S, Colin P, Dei-Cas E, Madsen M, Maradona MP, McLauchlin J, Nöckler K, Tsigarida E, Vanopdenbosch E, Van Peteghe C. Biological risks associated with consumption of reptile products. Int J Food Microbiol 2009; 134:163-75.
